PROBLEM

SOLUTION

DID YOU KNOW... 70% of the dirt that enters your facility is tracked in on people's shoes, one pound for every 1,000 people. Professionally maintained mats reduce tracked in dirt by 80% saving $600 in maintenance cost for every pound of dirt stopped.

IMAGE MADE EASY

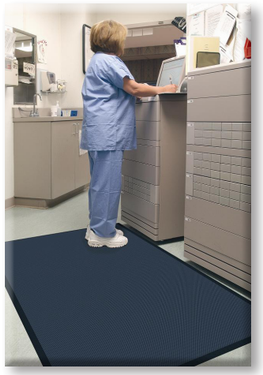

WITH A COMPLETE MAT SYSTEM

...and leave a great first impression

HOW DOES A MAT SERVICE WORK?

We start with a complete analysis of your matting needs. Mat inventories are then provided with no up-front capital expense. The soiled mats are picked up on a set frequency and replaced with professionally cleaned, high quality mats.

Mats stop and hold the dirt and we carry it away!

WHY DO PEOPLE USE A COMPLETE MAT SYSTEM?

Cleanliness – A Complete Mat System will stop up to 80% of tracked in dirt.
Image – A clean entryway always leaves a great first impression.
Convenience – We handle the mats and the dirt so you don't have to.
Identity – Enhance your company's identity with attractive logo mats.
Safety – Functional, well-maintained mats reduce slips and falls.
Flexibility – Mat quantities and delivery frequencies can be adjusted to meet your company's changing needs.
Savings $$$ – Renting mats does not cost...it pays!

- Reduced Floor Maintenance Cost
- Reduced Floor Wear
- Reduced Workers Compensation
- Reduced Risk of Injury
